

Academic Review Form

Scientific article review form

The review form consists of two parts. The first is a substantive and formal-editorial assessment. The assessment is based on a scale from 1 to 5, where 1 is the lowest and 5 is the highest rank. The reviewer selects the appropriate rating in the drop-down list.

In the second part - the Reviewer indicates the conclusion (which should be selected from the options provided in the form) and provides a justification for his decision.
